

# Memorial Conference in Honor of Julius Wess

München, November 6 and 7, 2008, Max-Planck-Institut für Physik (Werner-Heisenberg-Institut)

Location: Hörsaal, Max-Planck-Institut für Physik, Föhringer Ring 6.

Thursday,	November 6	Friday,	November 7
9:30	Opening		
9.45	<b>Hans Peter Nilles</b> <i>From string theory to the supersymmetric standard model</i>	9:30	<b>Wim de Boer</b> <i>Supersymmetry in Particle Physics and Cosmology</i>
10:30	Coffee break	10:15	Coffee break
11:00	<b>Zvi Bern</b> <i>Superfiniteness of <math>N=8</math> supergravity at three loops and beyond</i>	10:45	<b>Nathan Seiberg</b> <i>Topics in Gauge Mediation</i>
11:45	<b>Paolo Aschieri</b> <i>Noncommutative Spacetime Geometries</i>	11:30	<b>Peter van Nieuwenhuizen</b> <i>Boundary conditions in rigid and local supersymmetry</i>
12:30	Lunch in the canteen of the institute	12:15	Lunch in the canteen of the institute
14:30	<b>Juerg Gasser</b> <i>Effective Quantum Field Theories at NA48/2</i>	14:00	<b>Pierre Fayet</b> <i>The supersymmetric standard model</i>
15:15	<b>Luis Alvarez Gaume</b> <i>Scaling phenomena in gravity and Yang-Mills theories</i>	14:45	<b>Burt Ovrut</b> <i>Ricci-Flat Metrics and Laplacians on Calabi-Yau Threefolds</i>
16:00	Coffee break	15:30	Coffee break
16:30	<b>Misha Shifman</b> <i>Heterotic <math>CP(N)</math> models in two dimensions</i>	16:00	<b>Jonathan Bagger</b> <i>Three-Algebra Theories for Supersymmetric M2 Branes</i>
17:15	<b>Slava Mukhanov</b> <i>Cosmic Inflation</i>	16:45	<b>Bruno Zumino</b> <i>Supersymmetry and Superstring Phenomenology</i>
19:00	Conference Dinner at Restaurant <a href="#">Aumeister</a>
